### The Giulia Ring

★ Only One Available

In a dazzling Art Nouveau design, three round amethysts in crown settings are adorned by fourteen cultured seed pearl accents in a sweeping composition. This striking yellow gold ring has an unmistakably antique beauty (Amethysts approx. 0.45 total carat weight).

This item has been sold. We can custom design something inspired by this piece or find you something similar.

## Design Era Art Nouveau:

The Art Nouveau (literally "New Art") era burst forth from a broad artistic movement with the key tenet that art should be a part of daily life, and lasted from 1890 to 1910. Thinking of themselves as artists, Art Nouveau jewelers took extra care to craft exquisite, breathtaking jewelry with a soft, mystical, and romantic air. Pale colors and flowing, undulating curves established a soothing aura.
